2.1 Policy on discretions received (85%)

Each Scheme employer is required under regulation 58 of the Local Government Pension Scheme (Scotland) Regulations 2018 to prepare a written statement of its policy on how it will exercise various discretions provided by the Scheme. This 'discretions policy' must be kept under review by employers and revised as necessary.

2.4 Quality of data received

The quality of data received from Scheme employers is assessed and checked by the Employer Relationship Team (ERT). Red, Amber and Green flags will be used to assess the quality of the data. The Pension Fund will seek, at the earliest opportunity, to work closely with Scheme employers in identifying areas of unsatisfactory performance, and provide the necessary training and development for improvement.

Since the introduction of the requirement to provide monthly information in this format the quality of the data received through i-Connect has been of a very high standard. This allows the Fund to provide accurate and up to date information to members, meet the requirements of The Pension Regulator and improved the accuracy of the financial information held for the valuation of the Fund.

Amber	I-Connect events processed however missing or incorrect data identified by ERT
Red	I-Connect events not processed
