Purpose Statement

This statement details the training agenda for members of the Pensions Committee and Pension Board of the North East Scotland Pension Fund (NESPF), as administered by Aberdeen City Council.

The training policy is designed to support the Pensions Committee and Pension Board in performing and developing their individual roles, with the ultimate aim of ensuring NESPF is managed by members with the necessary skills and knowledge to effectively carry out their responsibilities.

Application & Scope

Expectations

The role of Pensions Committee or Pension Board member is an important one and there are certain expectations placed upon members, these include:

- A commitment to attend and participate in training events and to adhere to the principles of this Training Policy.
- The ability to use acquired knowledge to participate in meetings and to ask questions constructively of the information provided by officers, advisers and others.
- Judge the information provided in a fair and open-minded way that avoids pre-determining outcomes.
- Operate within the Terms of Reference for the Pensions Committee and the elected member Code of Conduct or the Terms of Reference for the Pension Board.

All Pension Fund Committee and Board members (including substitutes) to whom this policy applies are expected to continually demonstrate their own personal commitment to training to ensure they have the necessary skills required to support them in their decision-making role.

Induction Process

On appointment to the Pensions Committee or Board, a member will receive a formal induction by the Scheme Manager, as well as copies of and/or access to the key documentation relevant to the Fund and other useful information, including;

- [guide to the Local Government Pension Scheme \(LGPS\)](#)
- [the latest Annual Report and Accounts](#)
- [the most recent Actuarial Valuation and Funding Strategy Statement](#)
- [the Governance Policy and Compliance Statement](#)
- [the Statement of Investment Principles and Compliance with Myners Principles](#)
- [copy of the Local Government Pension Scheme \(Scotland\) Regulations](#)

The induction will provide an overview of the structure and operation of the Funds and insight into the responsibilities of their respective role.

Members of the Pensions Committee and Pension Board must complete, by their first meeting or within the first three months of their appointment, whichever is earlier, the online training course provided by The Pensions Regulator in their Public Service Toolkit.

Members of the Pensions Committee and Pension Board must complete, within the first twelve months of their appointment, the online training courses available on the Hymans Online Learning Academy (LOLA), with the first introductory module being completed before their first meeting.

Policy documentation is available to Committee and Board members via the Pension Fund website at www.nespf.org.uk and members should familiarise themselves with the information held on the site.

Training Plan

Myners Principles

As per the Myners Principles, administering authorities should ensure that:

- decisions are taken by persons or organisation with the skills, knowledge, advice and resources necessary to take them effectively and monitor their implementation, and
- those persons or organisations have sufficient expertise to be able to evaluate and challenge the advice they receive and manage conflicts of interest.

Markets in Financial Instruments Directive (MiFID II) Requirements

Since the introduction of MiFID II from 3rd January 2018, financial institutions including the Local Government Pension Scheme (LGPS) are required to opt up to be classified as an elective professional client, to allow continued access to the full range of vehicles investment managers need to deliver the investment strategy.

To maintain this status, the Pension Fund needs to be able to demonstrate its expertise, experience and knowledge, such that the investment managers can gain reasonable assurance that it is capable of making investment decisions and understanding the nature of risks involved.

This training policy helps to ensure the assessed levels of expertise, experience and knowledge are maintained. The Pension Fund is required to keep this information under review and notify the investment managers of any changes to the collective circumstance which could affect its status.

Training Opportunities

The Pension Fund recognises that attaining, and then maintaining, relevant knowledge and skills is a continual process for the Pensions Committee and Pension Board members, and that training is a key element of this process.

Training is therefore ongoing for members and consideration will be given to the various training resources available, these may include (but are not limited to):

- [employer and scheme member events hosted by the Pension Fund](#)

- internally developed training days and pre/post meeting sessions
- seminars and conferences that are offered by industry wide bodies, specifically the LAPFF annual conference, LGC conferences and PLSA conferences
- on-line training including use of the Hymans Online Learning Academy (LOLA)
- seminars and training events offered by the Fund's investment managers and advisors
- use of the secure 'trustee' area of the Pension Fund website
- in addition to the above, Fund officers are available to answer any queries from Committee and Board members.

Training is provided to members of the Pensions Committee and Pension Board through the above range of opportunities in respect of the following topics;

Scheme Governance	Investment Strategy	Support Services
LGPS Status and Legal Framework	Asset Classes	Custody Services
LGPS Regulations	Risk	Service Organisation
Role of Elected Members	Investment Structure	Role of the Chief Officer – Finance
Advisors and their Role	Investment Management and Performance Monitoring	Role of the Pensions Manager and Pensions Team
Actuarial Valuation and Funding Strategy Statement		
Myners Principles		
Risk Management		

Hymans LOLA

Hymans Online Learning Academy (LOLA) consists of 8 core modules, mirroring their LGPS National Knowledge Assessment topics, and covers all key areas needed to successfully manage the running of a Pension Fund:

- Financial Markets and Product Knowledge
- Pensions Governance
- Committee Role and Pensions Legislation
- Procurement and Relationship Management
- Actuarial Methods, Standards and Practices
- Investment Performance and Risk Management
- Pensions Administration
- Pensions Accounting and Audit Standards

There is also a current issues module which is regularly updated. Recent topics have included Pensions Dashboard, GAD Section 13 and Cyber Risk.

The Pensions Regulator's E-Learning Toolkit

The Pensions Regulator has developed an on-line toolkit to help those running public service pension schemes to understand the governance and administration requirements set out in its Code of Practice No.14. There are eight short modules covering:

- Conflicts of Interest

- Managing Risk and Internal Controls
- Maintaining Accurate Member Data
- Maintaining Member Contributions
- Providing Information to Members and Others
- Resolving Internal Disputes
- Reporting Breaches of Law
- Pensions Scams (optional)

CIPFA Knowledge and Skills Framework

An updated Code of Practice and Knowledge and Skills Framework was published by CIPFA in 2021. The Fund has formally adopted the Framework and will assess all relevant individuals against the suggested standards ([Appendix I](#)).

The CIPFA framework sets out the following key areas:

- Pensions legislations and guidance
- Pensions governance
- Funding strategy and actuarial methods
- Pensions administration and communications
- Pensions financial strategy, management, accounting, reporting and audit standards
- Investment strategy, asset allocation, pooling, performance and risk management
- Financial markets and product knowledge
- Pensions services procurement, contract management and relationship management

Pensions Committee and Board members are expected to have collective understanding of these areas of knowledge and skills.

Pension Board Specific Requirements

In accordance with Section 248A of the Pensions Act 2004, and redrafted by the Public Service Pensions Act 2013, the members of the NESPF Pension Board must be conversant with:

- The rules of the scheme (the Local Government Pension Scheme (Scotland))
- Any document recording policy about the administration of the scheme which is for the time being adopted in relation to the scheme

NESPF Pension Board members should also have knowledge and understanding of:

- The law relating to pensions
- Such other matters as may be prescribed

CIPFA have published a separate [Technical Knowledge and Skills Framework](#) for Local Pension Board members.

Policy Performance

Training attendance records will be maintained by the Pension Fund. These will be reported to the Pensions Committee and Board on an annual basis for consideration.

Where instances are identified of a Pension Board member not meeting the minimum training requirements (i.e. failing to attain and/or maintain the appropriate levels of knowledge and understanding as required under S.248A of the Pensions Act 2004, as amended by the Public Service Pensions Act 2013) an initial discussion will be held to establish whether there are any extenuating circumstances; followed by:

- no further action (if extenuating circumstances are shown);
- agreement of an improvement plan; and
- If no improvement can be demonstrated over a reasonable period of time, necessary steps will be taken to remove the Board member and seek a new appointee.

Supporting Procedures & Documentation

This policy is supported by the policies and procedures that make up the wider governance framework and those prescribed by the Local Government Pension Scheme (Scotland) Regulations. Copies of which are available online at www.nespf.org.uk.

In addition to the training policy, both the Convener and Vice Convener of the Pensions Committee have been provided with a description of their roles and provided further details of training requirements ([Appendix II](#)).

Responsibilities

All training costs are met directly by the Pension Fund.

The Pensions Committee will review this policy annually, or in the event of a policy revision and taking account of the results from any training needs analysis and emerging issues.

Day to day responsibility for the implementation of this policy sits with the Chief Officer-Finance and dedicated staff within the Pension Fund section.

Role Profile for Convener of the Pensions Committee

The role of the Convener of the Pensions Committee requires post holders who have a wide experience of chairing meetings effectively, are good communicators and have at least some knowledge of pensions, financial or HR matters (through Council, personal and/or career experience).

The above Knowledge Framework is developed further for the Convener (and, by implication, the Vice Convener) in the following paragraphs by introducing key skills elements unique to the Convener. This includes an expectation that the Convener should individually have the appropriate level of knowledge in relation to all the competencies in Annex I but noting that in some cases it will be necessary for a higher level of knowledge to be attained in some areas. The administering authority should ensure the Convener is provided with the appropriate training to meet these requirements, preferably within six months of appointment.

1. Convener of the Pensions Committee to preside over the determination of the following, after taking the advice of the Chief Officer – Finance and other advisors:

- The investment strategy of the Fund or Funds for which the Pensions Committee is responsible
- The contribution rates of the employing organisations whose current and retired employees are members of the LGPS
- The appointment of investment and actuarial advisors and other third party services
- The governance framework
- The communication strategy of the Fund or Funds

2. And to monitor:

- The performance of the investments, the pensions administration service, the advisors and agents of the Fund and of the Committee itself
- The costs of running the Pension Fund and Scheme
- Comments and feedback from stakeholders

3. And to approve:

- The annual report and accounts of the Fund(s)
- Audit reports on the performance of the Pension Fund service
- Statements on Investment Principles, Governance, Administration and Communication
- The Risk Register and an annual risk analysis
- The medium term business plan and annual updates
- Training and development plans and updates
- Discretions given by statute and regulation to the Pensions Committee in relation to benefits under the LGPS

4. Work with the Chief Officer - Finance and other officers and advisors to plan an effective work programme for the Pensions Committee

5. Report to the administering authority and other employers, as stakeholders, using practical and appropriate means of communication, to give assurances about the Fund's financial statements, risk management and internal control mechanisms

6. Receive regular briefings from the Chief Officer - Finance and other advisors to understand the context and importance of forthcoming issues

EXPECTED SKILLS AND CHARACTERISTICS REQUIRED FOR CONVENER

Requirement	Essential	Desirable
1. Educational	A strong understanding of pensions, financial or HR matters (through council, personal and/or career experience). 6. Equal Opportunities	Understanding of and commitment to promoting equality of opportunity with an understanding of the pension context.	

Compliance with the Job Description

1. Pensions Legislative and Governance context

- 1.1 The pension's landscape is characterised by a complex legislative framework. In addition to the legislation of individual schemes, there are industry-wide statutes that apply in whole or in part to public sector schemes, including the way in which schemes interact with state pensions etc.
- 1.2 Also of key importance is a knowledge of the governance frameworks that apply within the pensions industry (such as the Myners principles); within individual schemes (such as the LGPS governance statement requirements); and within the organisations that administer the schemes (for example the CIPFA/SOLACE framework *Delivering Good Governance in Local Government*).

Full details of the scheme governance documentation and wider pension fund industry documentation can be found on the Pension Fund website and in the secure trustee area. In addition to this information regular training sessions are held for 'trustees' given by officers, fund managers, the scheme actuary and other advisors. In order to maintain an up-to-date knowledge of the pensions landscape the Convener/Vice Convener must commit to attending a minimum of two UK wide pension conferences per annum. Other events arising during the year that would be of value to the Convener/Vice Convener of the Pensions Committee will be brought to the attention of members by officers.

2. Pensions accounting and auditing standards

- 2.1 The accounting requirements and associated disclosures are complex and involve a large actuarial element. Consequently this demands an understanding of the regime at all levels within the finance structure in order to comply with the requirements and to communicate the requirements and their implications both internally and externally.

Officers report annually to the Pensions Committee on the scheme annual accounts. From 2011 the scheme accounts and audit have been separated out from the administering authority financial statement. The scheme auditor reports directly to the Pensions Committee on the scheme accounts.

3. Investment performance and risk management

- 3.1 In the Local Government Pension Scheme and other schemes where contributions are invested and managed to meet future liabilities, understanding investment risk and performance constitutes a major element of the role of finance professionals. The skills required for managing and controlling investment activities are relatively specialised and at present there is no formal framework against which Funds can test their current skills and competencies.

All investment performance and risk management is reported by the Fund custodian. Regular training sessions are given to all Committee members on understanding investment performance and risk reporting. Understanding investment performance and risk are key functions of the Convener and Vice Convener of the Pensions Committee.

4. Financial markets and product knowledge

- 4.1 In those schemes with invested funds, an understanding of financial markets and products is fundamental. The depth of knowledge will depend to some degree upon the particular approach to investment management undertaken by the Fund. The investment activities of LGPS Funds for example can be split into two groups - those Funds that use external managers to manage all of their investment portfolio and those that undertake some or all of their investment activities using in-house investment managers.

The time given during the quarterly meetings of the Pensions Committee to reviewing financial markets and product knowledge is limited. This fundamental knowledge should be updated regularly not only by the Convener and Vice Convener, but all 'trustees' through attendance at a minimum of one investment conference per annum. There is a wide selection of national conferences such as the PLSA Investment Conference, however there are also a wide number of conferences hosted by fund managers to which 'trustees' are invited. Likewise attendance at such events as the LAPFF annual conference provides 'trustees' with an insight to future legislation that may impact on the companies in which we invest. A list of forthcoming conferences is reported annually to the June meeting of the Pensions Committee.

5. Actuarial methods, standards and practices

- 5.1 The scheme actuary holds a key position in the financial management of a pension scheme. A successful pension scheme financial manager will need to be able to do more than simply manage the relationship with their actuary. They will need to understand, at some levels in detail, the

work of the actuary and the way in which actuarial information is produced and the impact it has on both the finances of the scheme and the employer.

The triennial valuation and funding strategy statement are two key documents in the governance of the scheme. A copy of both documents can be found on the secure 'trustee' area of the Pension Fund website. Through regular meetings with the scheme actuary the Convener/Vice Convener, will build up an understanding of the actuarial process and role and influence that key stakeholders such as the Convener and Vice Convener have in the process. Discussions held with other LGPS 'trustees' on an ongoing basis will enhance this process.
